

North Carolina Gang Investigators Association

A Partnership for a Gang Free North Carolina

North Carolina Gang Investigators Association Scholarship

NCGIA is pleased to announce we are offering attendee scholarships for the 2024 Annual Gangs Across the Carolinas Conference in Winston Salem, NC. The scholarship will provide free tuition and lodging to awarded attendees to the 2024 annual NCGIA Conference to further their knowledge, training and experience for Gang investigations.

This scholarship will be announced to NCGIA members from their Regional Coordinators during their meetings so members can apply for the scholarship and forward the scholarship application to other potential attendees that may benefit from the scholarship.

The scholarship will be awarded to applicants who are members in good standing or new members who meet NCGIA membership criteria. In addition to a one page or less letter from each applicant, NCGIA is asking for a one page or less letter from each applicant's direct supervisor to be submitted as well showing their support in their attendance at the NCGIA conference.

Scholarship applicants will submit both letters to their respective regional coordinators. The regional coordinators for each region will then forward the awarded recipients to the conference coordinator.

The deadline to turn in your letter and your supervisor's supporting statement to be submitted is Wednesday May 15, 2024.

Scholarship recipients will be awarded and notified no later than June 1, 2024.

In one page or less, please submit your reasons for requesting the scholarship to attend the annual NCGIA conference and include your need for additional knowledge, training and experience in gang investigations.

In addition to your personal submission we are asking for a one page or less letter from each applicant's direct supervisor to accompany your letter. The purpose of the supervisor letter is to support the applicant's letter for the scholarship and an endorsement from the applicant's supervisor in attending the NCGIA conference to further their knowledge, training, and experience in gang investigations.
